

On behalf of the members of the Victoria Power and Sail Squadron, please welcome you to the Squadron and become involved.

We have events throughout the year, all of which are advertised on this site. All members are welcome to attend.

We encourage further personal development through our advanced and elective courses. Please check the [training calendar](#).

Personal affairs often keep people very busy, but if you wish to become involved in squadron business, please email peopledev@vpsq.org.au.
